

Payette Console

The effect that water, wind and time have on stone is fascinating. Erosion gradually reveals variations in the composition of the material. The PAYETTE CONSOLE illustrates this interaction between forces and materials. The form of the cabinet is intended to resemble a freshly removed block of stone with one surface left in the natural state. Shown in Ebonized Oak, available in a variety of American hardwoods with studio-machined hardware.

Designed, developed and handcrafted in Brooklyn, NY.

DIMENSIONS

15”h x 20”l x 40”d

Custom dimensions and materials are available. Please inquire.
